HAPPY NEW YEAR 2018

Dear IEEE Nanotechnology Friends,

As we move ahead for another new chapter in our life, a promising new year awaits us. Let's embrace this gift of life and celebrate the joy of science. While we cherish all the wonderful research experience we have gone through this year, let's welcome this new year with new hopes and dreams. I sincerely wish everyone a wonderful new year with loads of opportunity to explore and achieve. I also extend my gratitude to all of you for being a part of this scientific community and making this year a memorable one.

Wen J. Li
President, 2016-17

Yonhua (Tommy) Tzeng
President 2018-19

NEMS 2018 Final Call for Abstracts

The last-extended abstract submission deadline - **5th Jan 2018** for IEEE NEMS 2018
<http://www.ieee-nems2018.org/>

The 13th IEEE International Conference on Nano/Micro Engineered and Molecular Systems (IEEE NEMS 2018), 22 April to 26 April 2018 at Grand Hyatt Singapore, Orchard Rd., Singapore is welcome abstract submission now.

See full article here: <http://sites.ieee.org/nanotech/ieee-nems-2018-final-call-late-abstracts/>

MARSS 2018 Call for Submissions Reminder

The third International Conference on Manipulation, Automation and Robotics at Small Scales (MARSS) is held from 04-08 July 2018 in Nagoya, Japan here <http://marss-conference.org/>.

Submission of full or short papers: February 1, 2018
Special session proposals: February 1, 2018

See full article here: <http://sites.ieee.org/nanotech/announcing-marss-2018/>

IEEE-NANO 2018 Call for Papers

Abstract Submission is now open for IEEE NANO 2018!
The 18th IEEE International Conference on Nanotechnology – Nano-Enabled Smart Things
Cork, Ireland -- 23-26 July 2018
www.ieeenano18.org

IEEE-NANO is the flagship IEEE Nanotechnology conference. The conference scope spans nanoscience and nanotechnology, from nanomaterials and nanofabrication to nanosensors, nanoactuators and nanoelectronic/nanophotonic devices. The thematic focus for this year's event is **Nano-Enabled Smart Things**: new materials, devices and systems that can benefit humanity through applications in communications, energy, healthcare, food and environment.

Important Dates

- Deadline for Submission of Abstracts: **26 January 2018**
- Notification of Acceptance: **16 March 2018**
