The 7th International Conference on Manipulation, Automation and Robotics at Small Scales

01-05 July 2024, Delft, Netherlands

MARSS, the annual Int. Conference on Manipulation, Automation, and Robotics at Small Scales, is held on July 01-05, 2024, in Delft, Netherlands. The conference is the flagship forum for cross-disciplinary R&D communities to discuss **manipulation and automation (incl. measurement & characterization) at micro/nano scales**, and to **all kinds of small scale robots (nm - cm) and their applications**.

Program: MARSS2024 offers 13-14 plenary talks and up to 36 technical sessions. The high-profile plenary talks (40 min) will be given by distinguished experts. All accepted papers (full and short) will be presented in the technical sessions (20 min, oral presentation). Accepted full papers will be submitted for inclusion into IEEE Xplore® subject to meeting IEEE Xplore®'s scope and quality requirements.

Awards: All presented full papers will contest for various **Best Paper Awards**. The Awards include a certificate and a cash prize. Additionally, MARSS2024 will present **Big-on-Small Award**, along with a commemorative plaque and a cash prize. This Award is intended to promote upcoming talents in MARSS-related fields of research with excellent performance and international visibility.

Venue: MARSS2024 will be held on the main campus of Delft University of Technology (TU Delft).
